

Unisto Nexus

A Fix Length Security Seal with a unique designed locking jaw to seal Tote boxes, Truck doors, Trailers and Containers. Used in industries such as Logistics, Railway, Retail and Transport. Easy to control due to its special breaking point which is clearly visible outside of the housing. Easy to close and break. Closed chamber to encapsulate locking tip upon removal to restrict reuse and tampering of seal.

7-digit consecutive numbering for easy recording of the unique seal numbers. Variety of plastic colours for logistical control.

Features of this security seal

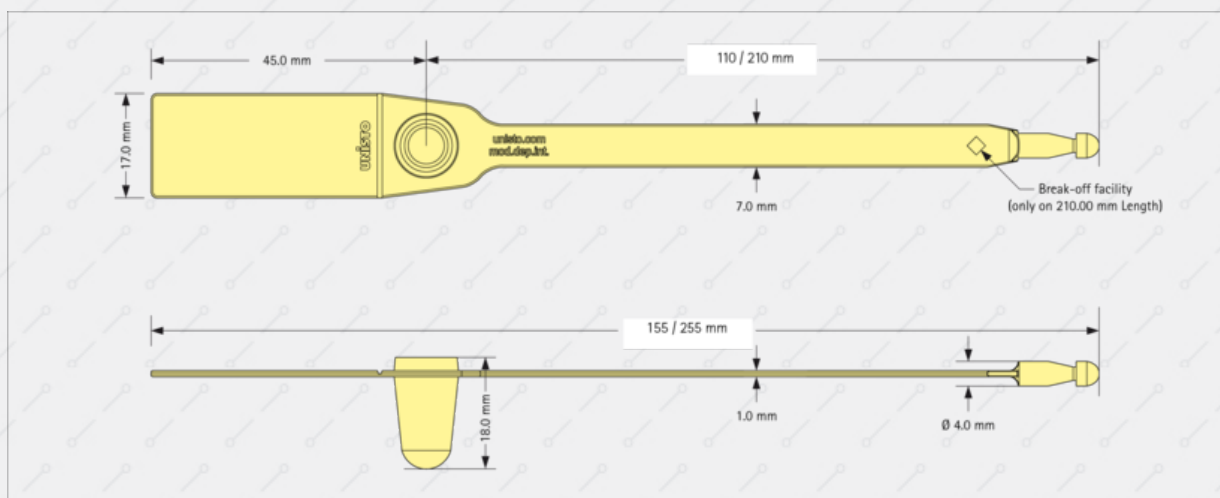

Type of Seal

Fixlength Seals

Application

Tote boxes, Truck doors, Trailers and Containers

- › Unique designed locking mechanism which hold break-off tip in sealed chamber once removed to ensure no post tampering
- › Spring inserts moulded from engineering plastic and capable to withstand high temperature
- › Secured by unique hot-welding that leaves marks of attempted tampering
- › Easy break-off facility makes seal removal an effortless task without the need of cutting tools. (only available on 210 mm length configuration)
